

By 2030, we will:

LIFE

Water

Reach **30 million people**² with access to clean water, including finishing the job of ensuring clean water for everyone, everywhere we work in areas of Zambia, Honduras, and Ghana.

Health

Upgrade **3,000 health facilities** globally with clean water, including strengthening the health system in every health facility, everywhere we work in areas of Zambia, Niger, Rwanda, and Ghana.

HOPE

Christian Discipleship

Engage **46 million² people** in 49 countries with Christian discipleship activities and tools to support the spiritual nurture of children, including training **500,000 local pastors and leaders** to multiply the impact of local churches.

Child Protection

Help **end child marriage** everywhere we work in Kenya and parts of Bangladesh. Protect and empower children and youth in Honduras.

Emergency Response

Support **70 million² people** affected by emergencies and humanitarian crises internationally.

FUTURE

Economic Empowerment

Equip everyone, everywhere we work in 11 countries—at least **10 million² people**—with access to the tools they need to lift themselves out of extreme poverty.

Education

Empower **60,000 youth** from the highest-risk areas of Central America's Northern Triangle with agency, opportunity, and workforce training that will enable them to break out of poverty.

U.S. Programs

Support **25 million² people** affected by poverty and disasters in the United States.

World Vision Fund

Meet the needs of today and beyond, empowering generations to rise above poverty through gifts that support the entire mission of World Vision.

¹World Vision counts the number of people who participate in each sector program separately and combines these for total reach. Because of World Vision's holistic approach, some people will participate in more than one program during the campaign and will be counted more than once in the total. Our goal is that at least 150 million of the 300 million people reached will be women and girls.

²Reach will require additional support from other sources such as public grants, gifts-in-kind, field offices, and other funding sources.
