AN UNPRECEDENTED CALL
to empower 60 million people with life, hope,
and a future—in the name of Jesus Christ.

Edgar spends time in 2019 with Rohingya children in Cox's Bazar, Bangladesh, home to 884,041 people living in the world's largest and most densely populated refugee camp.

A message from the **PRESIDENT AND CEO**

Ten years ago, on the heels of the 2008 global financial crisis, God prompted World Vision to take a bold step in our history—to double down on ending extreme poverty. In faith, we responded to the call and launched the Campaign For Every Child, a five-year, \$500 million plan to reach 20 million people worldwide.

By His power and provision, a community of passionate donor partners stepped up in extraordinary ways. Together, we exceeded our goals and helped more than 25 million women, men, and children transform their lives.

Today, as all of humanity reels from a global pandemic, we are more committed to our God-inspired mission than ever. And together with our partners, we are stepping out in faith once again with the Every Last One campaign—an unprecedented \$1 billion plan to equip and empower 60 million* of the world's most vulnerable people with information, tools, and support to lift themselves out of poverty.

God made a promise to the nation of Israel in Jeremiah 29:11: “I know the plans I have for you ... plans to prosper you and not to harm you, plans to give you hope and a future.” This is a powerful reminder that He is in control, even today as millions of children and families are held back by poverty and oppression.

We are God's people. This is God's ministry. And this is our time.

My prayer is that He will intensify our love for the poor like never before. Together, we have all we need to change the world.

In Christ,

Edgar Sandoval Sr.
President and CEO, World Vision U.S.

World Vision's **EVERY LAST ONE**[®] campaign

Believing every last one of us deserves life, hope, and a future.

Every last one of us has been called by God to share our lives.
To be in relationship. With God. With each other.
And especially with those in greatest need.

No matter if we have much, or little.
We are united in a call—believing in each other and building each other up.
**Believing that God intends for every last one of us
to have life, hope, and a future.**

There's no higher honor, no greater joy,
than when God is using us for His purposes.
Feeding the hungry. Giving water to the thirsty.
Empowering children everywhere to believe
that they have a greater purpose.
To know that we can all be more.

So we'll see you there,
at the crossroads of the Great Commandment and the Great Commission.
Believers working together in the toughest places.
In the margins and forgotten corners of our world.
Empowering millions of people to lift themselves out of extreme poverty.

**Because when belief is put into action,
every last one of us can experience
life, hope, and a future.**

EXTREME POVERTY TODAY

In the past 30 years, the number of people living in extreme poverty was reduced by more than half. Together with our partners, we helped make that possible.

Tragically, the secondary effects of the COVID-19 pandemic are reversing these decades of progress. The World Bank estimated in January 2021 that the number of people pushed into poverty by this crisis will rise to as many as 163 million by the end of this year.

These aren’t just numbers; they’re people Jesus loves.

They are women and children exhausted from walking miles every day to collect dirty water that makes them sick. Parents struggling to feed their children and keep a roof over their heads. Families fleeing their homes in fear of violence and oppression.

Few organizations have the ability to push through a global pandemic and continue helping people lift themselves out of extreme poverty. By God’s grace, World Vision does—at scale.

GLOBAL STATISTICS

› **ONE CHILD UNDER 5** dies every 7 seconds. Most of these deaths are preventable.

› **1 IN 11 PEOPLE** go to bed on an empty stomach every night. That’s 690 million hungry people.

› **689 MILLION PEOPLE** try to survive on less than \$1.90 a day. And this number is rising due to the global health crisis.

“With man this is impossible, but with God all things are possible.”
—Matthew 19:26 (NIV)

WHY WORLD VISION

› CHRIST IS AT THE CENTER OF OUR WORK

We follow Jesus' example to care for those among us in greatest need. Our focus is on helping the most vulnerable children overcome poverty and experience fullness of life.

› WE SCALE YOUR IMPACT

With over 70 years of experience and expert staff in nearly 100 countries, we have the infrastructure, experience, and relationships needed to empower families to create lasting change.

› YOUR GIVING IS LEVERAGED

We're able to leverage gifts from many sources—cash donations, sponsorship gifts, corporate gifts-in-kind, and public grants—to maximize the impact for people we serve, supercharging our programs to reach even more children and families. And because every gift builds on another gift, each dollar donated results in \$1.60 worth of help for children and families.

Few other organizations have the history, experience, or sheer size of World Vision. They're big and their roots run deep. All around the world they have access, reliability, and credibility. They're a trusted partner with local communities, national governments, and global partners... Most importantly, World Vision is Word-of-God — empowered.

Every Last One: A catalyst for **COMMUNITY DEVELOPMENT**

Here's how World Vision's diverse funding streams work together, with the Every Last One campaign supercharging our work in communities.

1 CHILD SPONSORSHIP

is the foundation of our community development approach. Financial support from millions of sponsors enables World Vision to partner with 1,279 communities worldwide.

2 OTHER GIFTS, GRANTS, AND PRODUCT DONATIONS

strengthen the mix. Additional support comes through programs such as the World Vision Gift Catalog and planned giving, as well as public and corporate grants and gifts-in-kind.

3 MAJOR CAPITAL CAMPAIGNS

like Every Last One catalyze our work. Investments from thousands of philanthropists and foundations enable World Vision to leverage grants and make an even bigger impact in communities.

4 SIGNATURE INITIATIVES

are groups of development projects within the campaign's Life, Hope, and Future framework. Depending on what the community needs most, we implement 2- to 5-year projects with specific outcomes that accelerate the pace of change.

What I really like about World Vision, and why we've gotten more involved, is the holistic approach. This is a development model that helps people develop physically, emotionally, and spiritually. World Vision launches an effort and lets the community drive it forward as their own.

WATER

Every child deserves clean water.

Yet every day, more than 800 children under 5 die from diarrhea caused by contaminated water, poor sanitation, and unsafe hygiene practices.

Ending the global water crisis is foundational to saving lives and ending extreme poverty.

Together with our donors and partners, we have an extremely ambitious but achievable long-term plan: to reach everyone, everywhere World Vision works with clean water by 2030; that's 50 million people.

World Vision is reaching **ONE NEW PERSON EVERY 10 SECONDS** and three more schools every day with clean water ...
MORE THAN ANY OTHER NGO.

WHAT YOU CAN HELP MAKE POSSIBLE BY 2023

- › **Provide 25 million people** with access to clean water—halfway toward our 2030 goal
- › **Finish the job** by reaching everyone, everywhere we work in Rwanda, and set the path for the same in Ghana, Zambia, and Honduras
- › **Equip 1,000 healthcare facilities** serving 10 million people with access to clean water and handwashing stations

MOTHER AND CHILD HEALTH

Every mother and child has a right to health and an opportunity to flourish.

Despite progress in the last 30 years, there's still a massive gap in basic healthcare in poor rural communities. In fact, one child still dies every 7 seconds, most of them from preventable causes.

Through the Every Last One campaign, we aim to deliver essential healthcare, nutrition support, and treatment to 2 million pregnant women, newborns, and children under 5.

Over the last 10 years, 89% of the **SEVERELY MALNOURISHED CHILDREN** we treated made a **FULL RECOVERY.**

WHAT YOU CAN HELP MAKE POSSIBLE BY 2023

- › Train and equip more than 8,000 community health workers and volunteers to deliver information, support, and treatment
- › Train over 800 nurses and midwives to build community health capacity
- › Improve more than 150 health clinics
- › Increase the child survival rate by at least 15%*
